Data Protection information :

The provision of the above-mentioned information is required in order for the funding application to be considered admissible. The applicant is hereby informed that the Fondation Cancer, in its capacity as data controller, shall process the personal data regarding a funding request in the context of its funding allocation procedure. If funding is granted, personal data will further be processed for the purposes of the funding agreement as well as for accounting and publicity purposes. Personal data will be retained for as long as required taking into account the fulfilment of the relevant legitimate processing purposes pertaining to the proper management and allocation of funding. Data subjects may exercise their access, rectification and other rights relating to data protection by writing to fondation@cancer.lu. The *Commission nationale pour la protection des données* (CNPD) is competent to receive complaints about unlawful data processing.
